CUTHBERTSON SWEET PEAS

This is the new type, named in honor of Frank G. Cuthbertson, who was primarily responsible for the development of this important addition to the Sweet Pea family. Chief characteristics are—great vigor, profusion of large fragrant blossoms, extra long stems, clear popular colors, ability to produce out of doors in those sections where heretofore Sweet Peas have been unsuccessful due to hot weather conditions. Ideal type for home gardeners. Under glass they are sown two months later than the **EARLY FLOWERING SPENCER** and will bloom into late spring. A wonderful Sweet Pea for spring and summer flowers.

New Larkspur Supreme

NEW LARKSPUR SUPREME

DARK BLUE SUPREME:—Here is a truly fine rich violet purple. Dark Blue Supreme is a most vigorous grower, with fully double flowers closely set on stems which grow five feet or more.

LILAC SUPREME:—A florists' favorite because of its especially clear color, uniform height, and long well filled flowering spikes closely covered with fully double flowers and large individual florets.

PINK SUPREME:—The plants grow very tall, with a particularly long and heavy main spike closely packed with fully double flowers, with very wide petals. Not only is it a new and distinct color, but the extremely tall robust center spikes have depth and body, which is characteristic of these new Supreme Larkspurs. Under artificial light this color really comes to life.

ROSE SUPREME:—For the first time we have a clear, pure deep rose in the base branching classification, even clearer and deeper in color than the ever popular Stock Flowered Rosamond. The plants possess good vigor, but are not quite as tall growing as the other colors in this Supreme class. The flower spike is very heavy and will stand any amount of forcing.

SALMON SUPREME:—The most desirable and most striking Larkspur we have ever offered, the largest flowering of all Larkspurs, and what a color—a true shade of real salmon, much stronger in color than the salmon pinks now being offered. Flowers are truly gigantic, being fully double and closely packed to form the most magnificent main spike you have ever seen.

WHITE SUPREME:—Now here is a real white Larkspur, not the slightest trace of pink can be found in the gigantic broad-petalled flowers, truly as pure as the driven snow. It has lots of height and the magnificent main stem is literally covered with closely placed double flowers for half its height, grows five feet or more in height.

SUPREME MIXTURE:—A splendid mixture made from the above colors. Try it this year where your customers want something new and better.

LARKSPUR

Being a leader in your community means that you always want the newest and best strains of flowers. You will find the following new and proved varieties of Larkspur the cream of the crops, producing large double flowers, closely spaced on long spikes. The first four varieties are very vigorous and grow 5 feet or more in height. Our seeds are carefully grown to give you true and brilliantly colored strains.

Super Majestic Rose Larkspur

SUPER MAJESTICS (NEW)

This Giant Imperial type Larkspur is a stronger grower and especially good under hot and trying conditions.

- SUPER MAJESTIC WHITE—Large flowering white.
- SUPER MAJESTIC ROSE—Large double flowers of a pleasing salmon-rose shade.
- SUPER MAJESTIC LAVENDER—Long spikes and fine stems make this a very outstanding flower.

GIANT IMPERIAL—Base Branching

- BLUE BELL—Light blue with white base.
- BLUE SPIRE—Deep Oxford Blue.
- CARMINE KING—True carmine-rose.
- DAINTINESS—Delicate lavender, white base.
- EXQUISITE PINK IMPROVED—Soft salmon-pink.
- LILAC KING NEW—Clear rich lilac.
- LOS ANGELES IMPROVED—Soft salmon-rose.
- MISS CALIFORNIA—Pink shaded salmon.
- PEACH BLOSSOM—Light Pink.
- PINK KING—New rich rose.
- WHITE KING NEW—Best clear white.

Prices all above:
1/4 oz., 30c; 1 oz., 95c; 1/4 lb., \$2.50; 1 lb., \$10.00
MIXED—Made from separate colors.
1/4 oz., 25c; 1 oz., 70c; 1/4 lb., \$2.00; 1 lb., \$8.00.

NEW LARKSPUR SUPREME

The plants have an ideal upright habit, with a tremendous central or main flower spike which is formed by a great many fully double large flowers with broad petals closely and well spaced on the stem. In the older varieties of forcing Larkspurs there was too much space between the florets, especially when they were fertilized and forced for market. With us here on the coast, the plants grow vigorously, with an average height of five to six feet when grown outside.

SWEET PEAS CUTHBERTSON

This is the new type, named in honor of Frank G. Cuthbertson, who was primarily responsible for the development of this important addition to the Sweet Pea family. Chief characteristics are—great vigor, profusion of large fragrant blossoms, extra long stems, clear popular colors, ability to produce out of doors in those sections where heretofore Sweet Peas have been unsuccessful due to hot weather conditions. Ideal type for home gardeners. Under glass they are sown two months later than the EARLY FLOWERING SPENCER and will bloom well into late spring. A wonderful Sweet Pea for spring and summer flowers.

Because Zinnias are a very important item for you, much work has been done on them, especially on the California Giants, Dahlia-flowered and Pompon types, to true them as to doubles, color and type. We are pleased to give you these much better and truer types for your critical clientele.

ZINNIAS Giant Dahlia Flowered

Plants are of medium height. The flower is built up to resemble a show type of dahlia, hence its name. Our seed is all from re-selected stock, very true to color and high percentage of doubles.

ASTER FLORIST NEW UPRIGHT SINGLE RAINBOW MIXED (Wilt Resistant).

This new habit in Rainbow Asters perfected for the Los Angeles market and shippers has really reached its height of perfection. Instead of regular branching habit this variety grows perpendicular, providing a fast cutting and bunching aster. Flowers grow very even at the top. Single and often semi-double blooms appear. The mixture contains all the bright, popular aster colors and this year we offer this to our trade as a flower worthy of your attention. Tr. Pkt., 25c; ¼-oz., 35c; 1-oz., \$1.00; 1b., \$12.00.
